Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Saturday 28 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry and fine, some light drizzle possible far northeast.

This Evening and Tonight:
Many places dry with clear spells. Rather cloudier in the north and east with some patchy drizzle possible for the far northeast. Becoming chilly in the west and south with rural mist and fog patches forming by dawn Sunday.

Sunday:
Another largely dry and fine day, although remaining cloudier in the north and east. Feeling warm in sunnier west and north, chilly near to coasts in cloudier north and east.

Outlook for Monday to Wednesday:
Most places dry with variable cloud and some sunny spells. A few light showers near some coasts at times. Cool for many eastern areas, warmest in the northwest.
